

Conference 2021

Attaining net zero in London

What will this mean for social housing tenants?

Saturday 27th November (9.45am - 1pm) &
Monday 29th November (1.20 - 4.30pm)

27th November Presentations & Q&A on net zero policy & the impact on tenants

- The Mayor of London's net zero targets & policies & his 'retrofit revolution'
- Moving to net zero - the impact on lower income households

29th November - Presentations and Q&A on the gaps in policy

- 2035 cut off for new gas boilers. What are the best alternatives?
- Government policy gaps on embodied carbon (very high in demolition & rebuild).

Workshops: attendees can attend one on 27th Nov and one on 29th Nov

- (1) Dealing with landlords about net zero-related works to our homes
- (2) Net zero for tenant owned and managed homes
- (3) Prioritising fuel poverty
- (4) Estate demolition and net zero targets
- (5) Artificial intelligence for monitoring energy use in our homes and identifying repair needs
- (6) Developing a tenants' 'decent homes standard'

You will need to book. Please email -
